JAPAN AWAITING CHINA'S NEXT MOVE

Nipponese Make Claims of Right of Development and Expansion

GIVEN UNTIL SUNDAY.

Tokyo Officials Still Hope War Will Be Averted—Secretary Bryan's Statement

Tokyo, May 7.—The Japanese government is quietly awaiting the next move by China. Its position is assured. There will be no change, officials say. China must choose whether she wants Japan as a friendly potent factor in her development or whether Japan will have to use force to enforce her claims of the right of development and expansion along natural geographical lines.

The Japanese positon has been emphasized to the Chinese ogvernment. There is nothing now to do but await the decision of the latter.

Eki Hioki, the Japanese minister to China, has received his instructions. He will remain at his post until the time limit set for China to accede to Japan.

Then, at 6 p. m. on Sunday, unless China has replied to the ultimatum of Japan, or if the answer is unsatisfactory, he will ask for his passports and he and his suite, as well as all Japanese consular agents will leave China.

Officials admit that the situation is most serious, but they say that they are still hopeful that a peaceful outcome can be arranged. It is accepted in Tokyo as necessary that President Yuan Shi Kai defer until the last possible moment making the concessions that will prevent war.

The anti-Japanese party in China is very large and influential. Numbered in its ranks are the leaders of all of the anti-government parties in China. They have openly declared that the President was pro-Japanese and have threatened revolution. It is necessary, therefore that the Chinese government take an apparently firm stand in opposition to the Japanese demands.

But everywhere it is recognized that China is in no position successfully to oppose the Japanese armed strength, and in the last analysis acceptance of the Japanese conditions is looked for.

Washington, May 7.—Secretary Bryan has issued the following statement on the position of the United States toward the pending negotiations between Japan and China.

"In order that there may be no misunderstanding of the position of the United States in reference to the negotiations pending between Japan and China the following announcement is made:

"At the beginning of negotiations the Japanese government confidentially informed this government of the matters which were under discussion and accompanied the information by the assurance that Japan had no intention of interfering with either the political independence or territorial integrity of China, and that nothing that she proposed would discriminate against other powers having treaties with China, or interfere with the 'open door' policy to which all the leading nations are committed.

OLD AGE PENSIONS

Bitter Attack Upon Aristocratic and Wealthy Clergy.

Bitter attack upon aristocratic and wealthy clergy was made in a battle over old age pensions at yesterday convention of the Protestant Episcopal Church of the Diocese of Washington, held in Bethlehem Chapel at Mt. St. Alban's.

Bishop Alfred Harding was compelled to call the leader of the assault to order.

The fighting was over the plan for the pensioning of clergymen upon reaching the age of 68. It has been indorsed by the general convention and will be put into effect if approved throughout the country. It provides for payment of premiums by the dioceses into a general pension fund, fixed at $5,000,000. It proposes pensions proportionate to the salaries drawn by the clergymen.

Rev. Dr. Randolph H. McKim, of Epiphany Church, introduced the resolution. G. S. Whitmore submitted a minority report, denouncing the sliding scale and advocating a flat pension of $600 a year without payment of bounties to high salaried clergy.

Rev. G. S. Whitmore, of St. Agnes Chapel, led the assault upon the majority report. He said:

"The rich and powerful have too long exerted a dominating influence in this church. A wonderful and a horrible thing has come to pass in the land. Prophets prophesy falsely and the priests bear rule by their means and my people love to have it so, and what will ye do in the end thereof?"

Bishop Harding interrupted with loud raps.

"Sir, I call you to order," he said. "I cannot listen to such remarks. I forbid it.'

"The aristocratic clergy who would sanction such a plan," continued Rev. Mr. Whitmore, "are moral and spiritual bankrupts and should retire before reaching the age of sixty-eight This plan is but a symrton of a disease of worldliness that is creeping into the church. This plan is a disease of a vicious, malignant and spiritually decadent aristocracy based on wealth."

The substitute plan was defeated by a vote of 70 to 11. The resolution indorsing the original plan then was carried by a large majority.

"In fifty-one years of ministry in Virginia, New York, Maryland and the District," said Dr. McKim, "I never before heard a discussion so painful because of the effort to array wealth against poverty?"

WORLD-WIDE WAR COMING

German Savant Says United States Will be in Mixup

Philadelphia, May 7—Prediction that a world-wide war is drawing near and that the United States will be drawn into it in order to protect her rights on land and sea was made yesterday afternoon by Prof. Kuno Meyer, the German savant.

Asked his opinion as to whether China and Japan will go to war, Dr. Meyer replied: "I think so. This will be a whole century of wars. China and Japan will fight. The war will extend to the Indian and Pacific oceans. Australia will be brought into it. American will be drawn into it, despite her efforts to remain neutral.

"In fact, it will be a world-wide war between the white and the yellow races, as my emperor has expressed it.

"This is a golden opportunity for Japan. She realizes that the European nations cannot interfere with her and that America will not.

"Those who think the statesmen of various countries are suffering from an aberration will change their minds late on. It will be a question of superiority. There are so many underlying reasons for the great war that is to come that it will take a great deal of time to explain it all."

ITALY PREPARES TO ENTER WAR

Forty Passenger Trains Suspended on Main Railway Lines

GERMANY'S WARNING

Duke of Abruzzi to be Commander of Royal Fleet—Suspension of Telegraph and Telephone Service.

Rome, May 7—The railway administration has announced the suspension of forty passenger trains on the main lines.

It is understood this action was was taken to facilitate the movement of troops and munitions of war to the concentration bases.

Italy has been warned of the consequence of entering the war on the side of the allies. Telegraphing from Berlin to which he had returned after an inspection of both battle fronts the Kaiser notified Prince von Buelow that the English troops in the west are useless nad that within a fortnight the Russians wil be driven out of Galicia.

Italy was warned under direct instructions from the Kaiser that Austria's cause is Germany's and that Austria's enemies must be Germany's Because of this, should Italy come into the war she will be opposed by a great German army.

The Italian government continues its war preparations. The army is concentrated at strategic points. The fleet is ready for action and the first thing to be done after war is declared will be the gazetting of the Duke of the Abruzzi as commander- in-chief of the royal fleet. The government has issued a royal decree authorizing the suspension of telegraph and telephone service without notice.

ALIGATOR GIRL COMING

Strange Creature Will be Seen With Johnny Jones Shows.

Prenatal influence has long been a recognized factor in the strange markings and habits of persons but none has yet been brought into the public eye which is more remarkable than that which has cast its blight on Betty Cook, the daughter of Mr. and Mrs. J. J. Cook, of Nashville, Berien County, Georgia. Betty is known as the aligator girl and will be seen with the Johnny J. Jones Exposition Shows when they exhibit at Baggett's lot undr the auspices of the Alexandria Fire Department next week.

This curious person possesses many of the physical attributes as well as the habits of the alligator. Her skin is the exact texture of that animal and when rain creates muddy puddles on the show lot all manner of persuasion is required to prevent Betty from splashing in the dirty water. She has no use of her lower limbs and, in consequence, her mode of perambulation is quite similar to the creature from which she derives her sobriquet. Mentally stunted, she cannot speak a word and makes her few simple wants known to her parents (who accompany her) by signs. The girl is twenty-one years of age and is, to all appearances, healthy and happy. Her principal article of diet is fish, although she eats some meat, but vegetables and bread stuffs are strenuous to her.

Shortly before the child's birth, her mother, Mrs. Cook, walking along the banks of the Suwanee River which flows by their Georgia home, was frightened by the sudden appearance of an alligator from among the river foliage and this instance has been admitted by well known men of the medical profession to account for Betty's peculiarity.

Three other children born to the Cooks before and after the alligator girl's birth are perfectly normal and said to be fine specimens of physical man and womanhood.

LUSITANIA TORPEDOED

Giant Liner Goes to Bottom Off Oldhead at 3:33 This Morning

London May 7—The giant Cunarder, Lusitania was torpedoed and sunk off Oldhead, Kinsdale at 3:33 o'clock this morning. All details are lacking but it is reported that the passengers and crew have taken to the boats and were saved.

The Lusitania sailed last Saturday from New York, and is due in Liverpool today.

CARDINAL A. C. VS. MARINES

Good Game Scheduled Sunday at New Ball Park

The strong and fast U. S. Marine Corps Baseball team from the Washington Marine Barracks, will come to this city Sunday to play the Cardinals in their new park. The fighting sons of Uncle Sam are no strangers here, having played three games with the Cardinals last year and won two out of three. This season they have some new players who were sent to the National Capitol station because the officers were desirous of having a winning ball team, and these stars will be in the line up and no doubt will cause the home lads, trouble to defeat them.

The Cardinals will use their best men to tackle the soldiers. The battery selection has not been made but the chances are favorable to Jack Risdon and Melvin Jones. Dick Snowden has been playing great baseball this year, and his base running and sensational catches made in the two games played on the new grounds were of the "goldbrand" order.

On account of the early arrival of the railroad trains bringing the Jones Carnival Company, it will be necessary for the Cardinal-Marine game to be called at 2 o'clock sharp, so as to be finished by 4 o'clock.

IN TERROR OF RIPPER.

Supposer Murderer of Two Gotham Children Writes he Willl Kill Another Soon.

New York, May 7.—The letter writing murderer who killed 5 year old Elenore Cohn an d four? year old Charlie Murray has written to the Murray boy's mother, telling her that he will commit another murder when the present excitement over her child's death subsides.

The letter was received yesterday at the time the little victim was about to be buried. Mrs. Murray, read one paragraph and collapsed. The missive was taken to police headquarters to be examined for finger prints.

The murder of the little boy, who was killed by knife wounds in his abdomen on the night of May 3, was preceded by a similar threat contained in a letter addressed to Mrs. Cohn, the mother of the little girl killed March 29. Both children, the police believe, were slain by the same person.

The letter to Mrs. Murray was mailed in this city, at 7:30 o'clock Wednesday night, and was delivered today, while preparations were being made for funeral services. In the belief that the slayer would be in the neighborhood at the time of the funeral, scores of detectives mingled with the crowds outside the Murray home The streets became so crowded that police had to preserve order.

One suspect, a man seen muttering to himself, was arrested, but later released after telling a story that convinced the police he knew nothing of the crime.

East Side mothers, thoroughly alarmed, escorted their children to and from school in the neighborhood today.

BRUTALLY TREATED

Philadelphia, May 7—The entire police and detective force of Camden, N. J., is scouring the city for eight roughs who attacked Frank Hiller and Miss Muriel Kramer in a lonely section near the Cooper River late last night.

The roughs first beat the young man almost into unconsciousness and dragged him to the river bank, and then returned, and each in turn attacked the girl.

RUSSIANS DENY AUSTRIAN CLAIMS

Petrograd Says Franz Josef's Army Has Met no Success

SEESAW CONDITIONS

Dispatches From Constantinople Allege Turks Have Captured Many Men and Cannon.

London, May 7—Tarnow captured by the Austrians, crumpling of the Russian left and the capture of 50,000 prisoners is announced by Vienna this morning followed swiftly by a denial from Petrograd that there had been any decisive Austrian success.

News dispatches indicate that the heavy artillery of the Austrians in western Galicia is sorely trying the Russian lines with the battle continuing day and night in a desperate effort to compel the Czar's forces to abandon the strategic advantage of possession of the Carpathian passes achieved after a brilliant campaign during the winter.

Unprecedented efforts are being made by the Austro-German forces along both the eastern and western battle fronts. Throughout virtually the whole length of the eastern front they are engaged with the Russians, while in the west, in addition to their attacks around Ypres, they are on the offensive at many points. At other points they are being attacked by the French, British and Belgians.

Far up in the Russian Baltic provinces, heretofore untouched by the war, the Germans are attempting to advance toward Libau and Riga. On the East Prussian frontier they are engaged in a series of battles, and with a big gun are bombarding at long range as they did Dunkirk, the Russian fortress of Grodno.

In Central Poland they have had to defend themselves against a Russian attack. In Western Galicia they are attacking with all their strength the Russian flank and compelling the Russians to abandon the Carpathians passes which were gained at such cost during the winter.

Constantinople, May 7— Ten machine guns, a great quantity of ammunition and many prisoners have been captured by the Turkish forces operating on the Gallipoli peninsula, according to today's official statement. In all of the fighting to date the war office claims success has rested with the Turkish arms with the exception of the points where the enemy is operating under the concentrated fire of his ships. At these points the defending army has been withdrawn out of range, but the enemy has made no effort to attack.

In the fighting in the vicinity of Arriburnau an entire battalion of the enemy was annihilated. In the fighting for the position around Sedd-El-Bahr the English have lost heavily.

JAPANESE DISCHARGED.

White Men Replace Them at University of California.

Brkeley, Cal., May 7.—Five Japanese gardeners employed at the University of California have been replaced by white men in pursuance of a university policy, Ralph R. Merritt, comptroller of the board of regents said today. White labor, he said, would be used wherever possible. The Japanese were discharged April 15.

"The ranch is an American institution," Mr. Merritt explained. "It has seemed proper to make it an ideal ranch for white families. Japanese labor has been employed temporarily in some positions, but only until white persons of desirable character were found to take their places."

In times past as many as 200 Japanese have been reported working on the ranch. Mr. Merritt said the policy was not new.

AWAITING ITALY'S ACTION

Declaration of War Expected to be Decided at Rome at Any Time.

London, May 7—A dispatch to the Exchange Telegraph from Copenhagen says it is reported in Berlin that Emperor William, Dr. von Bethmann-Hollweg, the imperial chancellor, and Gottlieb von Jagow the foreign secretary have arrived in the capital in connection with the Italian situation.

A declaration of war by Italy is expected hourly in Berlin, say advices received in Copenhagen from the German capital. The Italian situation is regarded there as most serious.

Rome, May 7—An uncensored dispatch from Vienna says that the proposed mision of Count Golukowski, special Austrian envoy to Rome, has been abandoned, since even if undertaken, it would be ineffective to delay war. Even further Austrian concessions could not possibly evert a rupture now.

Foreign Minister Sonnino has prepared a long statement for publication the moment Italy joins the allies in case she decides upon this action. This statement is designed to justify Italy's action before the world. It sets forth the historical, racial and economic and strategical reasons influencing the nation, and dwells upon the "intolerable position" of Italy in the Adriatic and on her eastern frontier.

CHILD KILLED BY AUTO

Frederick, May 7—Alice, the 6-year-old daughter of C. Lynn Wood of New Market, was struck by a touring car belonging to J. C. Roulette, of Hagerstown last night and almost instantly killed. The child's skull was fractured and she died in a few minutes after being taken to the office of Dr. C. L. Magruder, in the Roulette machine.

Harry Miggins, the driver, and J. Edward Cochran, of Baltimore, the only occupants of the car were arrested. At the hearing the driver was exonerated, principally upon the testimony of the child's father, who said the accident was unavoidable.

A few minutes after he had been been sentenced to five years in the Eastern Penitentiary for counterfeiting, George Mangano, of Scranton, threatened the life of Detective Carticello. Learning this the Court called Manago back and sentenced him to ten years. Carticello had testified against him.

BOY STRUCK BY A TRAIN

Fortunately Escapes With Scalp Wound And Bruises—Another Youngster Falls From Car.

James Davis, a twelve year old boy who is an inmate of the Children's Home, was struck by an electric car at 11 o'clock this morning at the corner of Fairfax and King streets and received a scalp wound and several bruises about the body, none of his injuries being of a seriou nature. The little boy was in the center of the street watching a negro musician when the car came north on Fairfax street. The first car passed him, but the boy, walking backward, was struck by the trailer and knocked down. The car was going slowly at the time, and this was responsible for the lad's injuries being slight.

He was picked up by some men who saw the accident and carried into Leadbeater's drug store, where it was seen that he was not badly hurt. Later on he was taken in Wallace Lindsey's automobile to the Alexandria Hospital, where his wounds were dressed.

Shortly after twelve o'clock a four year old boy was playing with some companions on the steps of an electric car which was standing at the cornor of Royal and Prince streets ready to proceed to Washington. He fell off the step and immediately set up a howl which became intensified as he was picked up by one of the trainmen and carried into the waiting room. There was not a scratch on the child, but he was thoroughly frightened. His mother was notified and rushed to the scene thinking that the child had been run over by the car.

LUTHER CANTER CONVICTED.

Abingdon, Va., May 7.—Following the conviction yesterday of Luther Canter for the murder of Mrs. James Rufus Wilson, James Canter, his brother, was put on trial at noon, charged with being a principal in what is considered the most heinous crime in the history of Washington county, Va.

Luther Canter was sentenced by Judge P. W. Campbell to death, but sentence was deferred on account of the fact that he will be a witness for his brother. The trial of James Canter was begun at noon, and when court was adjourned at 6:30 o'clock over a score of witnesses had testified for the prosecution. The prisoner pleaded not guilty, and his brother, who has confessed to the crime, will be a star witness for him.

It is claimed by the prosecution that he was present and actually fired the fatal shot after Mrs. Wilson had been bound, gagged and assaulted in her home. With the conviction of Luther Canter public excitement in Washington County has been largely allayed, and although an armed guard of 100 deputies is still being used, and although every one who enters the court is searched for arms, there is now little fear of violence toward the prisoners.

The trial of Luther Canter occupied less than one hour. He entered a plea of guilty. Evidence to establish the crime was taken, following which Judge Campbell pronounced the prisoner guilty and fixed his punishment at death. The prisoner took the sentence calmly.

The commonwealth expects to establish its theory that the Canter brothers entered the Wilson home on the afternoon of April 23, held Mrs. Wilson prisoner the entire night and brutally murdered her. The strongest evidence against James Canter is that he has been unable to account for himself on the night of the tragedy, that blood was found on his trousers and that he is shown to have been infatuated with Mrs. Wilson, and to have said that he would rather kill her than see her live with her husband, whom he disliked.

JAPAN'S PRESSURE UPON CHINA.

Although the chief attention of the people of the world is at present rivetted upon the fighting in the eastern and western war zones of Europe, side glances on Japan's unwarranted movement against China, at a time when the principal white nations are warring for supremacy, cannot be resisted. Nippon seems to assume that the hermit kingdom is her natural prey. China generally submissive mu stfight or become a tail to the Japanese kite.

The history of China affords an interesting study. The nation seems to have been a football of more mischievous countries for centuries. After having at different times been despoiled of parts of her rich territory, a neighbor of the Mongolian race would absorb the entire nation.

What the Chinese nation is today it seems to have been as far back as its history can be traced.

Long before the Christian era the following concerning Seres (China) was written: "The region is a vast and populous country, touching on the east the ocean and the limits of the habitable world, and extending west to Imaus and the confines of Bactria. The people are civlized, mild, just and frugal, eschewing collisions with their neighbors, and even shy of close intercourse."

The code of morals taught by Confucius about 500 B. C. can be studied with profit by people of this day. In the early dawn of their history the Chinese expressed their belief in a Great Creator and their recognition of the Deity by bringing the first fruits of their lands as offerings bear similarity to the requirements issued from Mount Sinai.

It is impossible to say at present what is to be the future of this antiquated nation, which has witnessed the rise and fall of Babylon, Medo-Persia, Greece and Rome It may be destined to see modern empires pass from the scene. Japan poses as an up-to-date fighting nation. She has about 45,000,000 inhabitants. China loves peace. She has about 400,000,000 people.

"PAY YOUR MONEY AND TAKE YOUR CHOICE"

The actual results of the war in Europe are as puzzling now as ever. Dispatches from Berlin and Vienna announcing drives by the Teutons in the eastern and wesetrn war zones are emphatically denied by dispatches from London and Paris. The American newspapers have been following the rule of placing the rival claims in parallel columns and letting the reader draw his own conclusions.

There is but one way to arrive at any approximate understanding, and that is to read between the lines. That thousands of persons, however, are being slaughtered is apparent, but to say positively which side is gaining is impossible at our long distance from the fields of carnage.

During the present week there have been jubilees in Berlin over alleged German victories in Belgium and East Prussia. These claims have been promptly denied in London. Paris and Petrograd. Statements to the effect that the Allies are getting the worst of the fighting at the Dardanelles have been followed by claims that the invaders are gaining all the time.

Now and then something leaks through the censorship which shows pessimism in all the countries now at war. Like pugilists of equal skill when placed in the ring the terrible strain is sure to end in the collapse from exhaustion of one or the other.

Re-electing its old officers and deciding to meet next year at Staunton, the Virginia Christian Endeavor Union last night brought to a close a three day session at Hanover Avenue Christian Church, Richmond.

Reports from Cape Charles tell of the three-masted schoner Bessie Brown, which went ashore three miles southeast of Cobb Island on Wednesday. The captain and crew were taken off by coast guards.

NEWS OF THE DAY

Archbishop James Edward Quigley, of Chicago, who was stricken with acute kidney trouble in Washington Wednesday, is still in a critical condition.

Guy Knease, of Iowa City, Iowa, automobile race driver, is dead as the result of a collision of cars in the last event of the motor day program at Coffeyville, Kan. Knease was driving about 60 miles an hour when the cars came together.

The operations in the Dardanelles are being pressed forward under highly satisfactory conditions. Premier Asquith told the British House of Commons yesterday afternoon in the course of a statement upon the combined naval and land attacks on the Gallipoli peninsula.

Walter Marshall, 19 years old, was stabbed three times in the back by an unidentified person last night shortly before 12 o'clock while he was sitting in McMillan Park, a short distance from Howard University, Washington. Marshall was taken to Emergency Hospital, where it was found that he was in a serious condition.

Germany's terrific onslaughts in the past fifteen days have lost the kaiser's army 35,000 men, says an official note issued by the French war office last night. Half a dozen of the finest German regiments have been decimated, while at no point have the allies' lines been broken, nor have they lost an important position.

The Tribune de Geneve has received a dispatch from Vienna saying that the desperate effort of an Austro-German army of 250,000 men to break through the Russian center at Gorlice has failed. The losses have been heavy, and the Austro-German forces were compelled to retreat to the west to Neu Sandeo.

The education of laboring men in military science to enable them to meet force with force in disputes with employers was advocated yesterday by James H. Maurer, president of the Pennsylvania State Federation of Labor. Mr. Maurer, who is also a member of the Pennsylvania legislature, testified before the Federal Commission on Industrial Relations.

The body of Miss Marion Farwell was found yesterday at the bottom of a deep raivne which marked the boundary of the Lake Forest estates of her father, Francis Farwell, treasurer of the John V. Farwell Dry Goods Company of Chicago. The young woman had been in ill health, and only returned home Wednesday from Tyron, N. C., where she had spent the winter. Miss Farwell was to have been married May 19 to Reginald C. Foster, of Boston.

Mrs. Ella Coppersmith, 27 years old, wife of John L. Coppersmith, a commission merchant, and her son John, 2 years old, were found murdered in their home in Chicago yesterday afternoon. Their throats had been cut and their skulls crushed. A blood-stained hammer was found near the bodies and in an adjoining room the police discovered a blood-stained butcher knife. The murderer remained long enough to wash his hands and ransack the apartment for valuables. He took a diamond ring and her wedding ring from Mrs. Coppersmith's hand, but overlooked $800 in bonds and about $50 in currency.

Gov. Slaton instead of his successor, Gov.-elect Harris, seems likely to act after all on the application of Leo M. Frank, convicted of Mary Phagan's murder, for commutation of sentence from death to life imprisonment. The United States Supreme Court's mandate in the case will reach Atlanta today. Solicitor Dorsey will obtain Frank's surrender immediately through habeas corpus proceedings by the Federal to the State authorities. Frank will then be resentenced to hang. The prison board's session will end Saturday, but it is expected a special meeting will be called. The hearing probably will take three days, after which the board's recommendation will go to the governor. Should the board delay, however, Governor Slaton will respite Frank to give Harris time to act.

VIRGINIA NEWS

Mack Gregory, one of the two victims of the motorcycle accident which occurred Sunday afternoon on the race track at the Jamestown Exposition grounds, suffered the loss of his right leg, which was badly fractured in the accident. The limb was amputated just above the knee.

Robert Gibbs, son of P. M. Gibbs, of Orange, was injured severely yesterday while at work at the railroad construction camp near Orange. In an attempt to board the donkey train he slipped and fell between the cars and his leg was so badly mangled that amputation was found necessary.

United States Senator Claude A. Swanson, who has been in Richmond for the past two or three days, is said to have held a conference with friends at Room 261. Murphy's Hotel, and it is thought the meeting was preparatory to the launching of the senator's campaign to succeed himself in the upper hall of congress from Virginia. The senatorial primary in Virginia will take place next year and will be followed by the gubernatorial primary in 1917. So far no opposition has appeared to Swanson, and it is doubted by many that Congressman Carter Glass will offer himself against Mr. Swanson.

The executive committee of the Virginia State Camp, Patriotic Order Sons of America, met Wednesday at Colonial Beach and accepted the resignation of F W. Alexander, of Oak Grove, State secretary, E. E. Adams, of Richmond, was selected to succeed him A. N. Truslow, of Falmouth, was chosen State master of forms to succeed Mr. Adams. D. Gordon Gouldman, of the Farmers and Merchants' State Bank, of Ferdericksburg, was designated to audit the accounts of Mr. Alexander. Mr. Alexander admitted using funds of the State Camp amounting to over $12,000 and offered to make the amount good by conveying his property, real and personal valued at $40,000. The property will be sold and Mr. Alexander's liability to the State camp discharged.

One of the Commissioners of the Revenue of the State has asked the Auditor of Public Accounts if a newspaper which offers by an advertisement and the use of a coupon or clipping and payment in cash at the newspaper office to sell a portable searchlight should be required to take out merchants' State license. According to the Attorney General, sporadic or occasional sals of this character by newspapers to increase their circulation is not engaging regularly and continuously in the business of a merchant and its conduct does not require merchants' State license, but if the newspaper engages frequently during the year in business of this character it would be conducting the business of a merchant and therefore be required to take out merchants' license.

Usurious interest money will have to be refunded if a test case on the question is decided in favor of the borrower. The loan shark business is extensively operated in Richmond, and in spite of high license taxes the money lenders seem to prosper. It has just developed that one of the sharks in Richmond loaned a railroad man $40 for which he was to receive $7.60 a month until nine payments had been made amounting to a total of $68.40. The man paid back the $40 and $5.60 in interest in 6 months, at which time he found he was still indebted to the loan shark $22.80. The law says when a usurious rate of interest is charged the lender forfeits all interest on the money loaned.

Boys Are Accused of Robbing Cottage and Firing on Woman

Elkton, Md., May 7.—Roy Millman aged 14 years, and his brother, Morris two years his junior, who are wanted in Delaware for burglarizing stores and railroad stations, were arrested yesterday morning by Sheriff John A. Morgan and Deputy Sheriff Reynolds in an old house near Elkton and locked up in the county jail. The oldest boy was acquitted last fall in the Circuit Court here on the charge of holding up Charles Seiler with a pistol and demanding a sum of money.

The boys are alleged to have broken into the Matsinger cottage, near Elkton Tuesday and carried away a suitcase full of valuables. They then stole a boat from Theodore B. Holden and crossed the river where they fished the nets on the farm of John Blair. Walter Blair started after them, but they fired at him. When they passed the farm tenanted by Mrs. Fannie B. Lucas, they fired at her when she called to them asking where they were going.

Impossible for you to have money in the Bank?—Fiddlesticks!

Impossibility is now an old-fashioned word with a definition but not a meaning. Almost every dream of the past is a reality today. Sewing machine had eleven parts—ten fingers and a needle. Impossibilities are merely the half hearted efforts of quitters." ——— Herbert Kaufman.
